

Integrated Liner Technologies

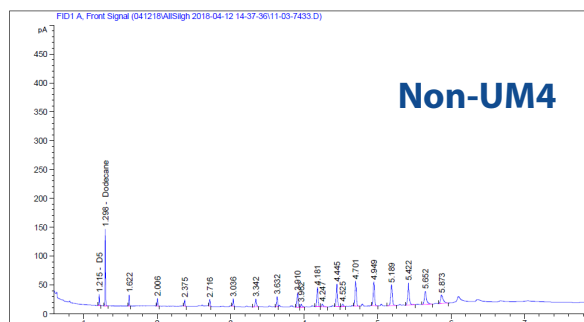

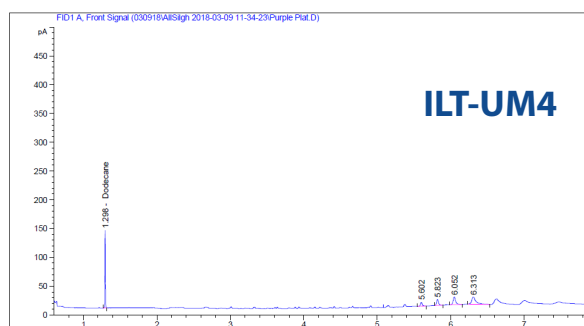

The world's leading manufacturer of caps and septa.

ILT Ultra Mass Spec Certified (UM4)™

Features

- Extreme low-bleed
- Conditioned to ILT's level 4 standard
- Cleanest in the industry
- Pharmaceutical grade

ILT's **Ultra Mass Spec Certified (UM4)™** product not only meets today's requirements for GC, GCMS, LC, HPLC and LCMS, but exceeds them. **Ultra Mass Spec Certified (UM4)™** is manufactured using Pharmaceutical ultra-clean silicone material faced with highest quality PTFE film.

Our products undergo GC, GCMS, LCMS testing using exclusive test methods and protocols developed in cooperation with leading chromatographers and scientists. Testing and certification begins with the raw material and continues throughout the manufacturing process. A certificate of analysis is provided to our customers for all caps manufactured and tested for this line of product. All chromatographic data is held on-site for verification.

Part	Description
• 009-03-6381	9mm Blue Screw cap press-fit w/UM4 PTFE/Silicone Septa
• 009-13-6380	9mm Bonded Screw cap (slit)
• 009-13-6382	9mm Bonded Screw cap
